

The Weekend

Brantley Gilbert

Hey Tick tock, I'm on the clock and I'm feeling like
This job's just 9 to 5 in my life away
It's like I'm back in school and I'm in the last class
And I'm passing time until the bell ring
Havin' visions of summertime
Wait a minute now, that's just later tonight
Tan legs and tailgating, it's all up in the moonlight
And by the way, loosin' up its pay day Live it up for the weekend
Pour it up, have the time of your life
Take a shot for the regrets
Double up and it's bound to get buck wild
Hey ladies, let your hair down
We know ain't nobody scared now, hell nah
Just do your thing like it's spring break
Wake and bake and we're at it again
We live it up for the weekend
Backwoods looking like Panama City
A bunch of jacked up trucks and bikinis
Got a Yeti full of good ideas
Like I ain't worried 'bout drivin, I'mma stay right here And I'mma live it up for the weekend
Pour it up, have the time of your life
Take a shot for the regrets
Double up and it's bound to get buck wild
Hey ladies, let your hair down
We know ain't nobody scared now, hell nah
Just do your thing like it's spring break
Wake and bake and we're at it again
We live it up for the weekend Somebody said something 'bout church on Sunday, amen
Somebody said something 'bout work on Monday
Shhh, don't say it again
Live it up for the weekend
Pour it up, have the time of your life
Take a shot for the regrets
Double up and it's bound to get buck wild
Hey ladies, let your hair down
We know ain't nobody scared now, hell nah
Just do your thing like it's spring break
Wake and bake and we're at it again
We live it up for the weekend Live it up, live it up for the weekend
Live it up for the weekend
Live it up, live it up for the weekend
Live it up, live it up

It's the weekend
