

Happy Go Sucky Fucky

Die Antwoord

We live the life we love
We love the life we live Don't need no one fucking up are shit
Okay, bitch
Get the fuck off me
I'll freak you the fuck out
Cause' I chose to be free
Fuck your rules
Who are you to tell me
What I can and can't do fuck you bitch
You just want to be
I party properly
Nobody fuck with me
Were like what the fuck
We're in the streets
We like chammas oppa tree (?)
Your not the boss of me
Mothafucka no apology
Neill says that I'm an anomaly I get money for free
That shit just comes to me
People get lost in and start basking in my mystic company
I spit heavy shit don't need no bitch tellin me shit
If a bitch tryin to fuck with well
That bitch better be fit

Do what I want to do sweetheart that's my prerogative
