

Dibs

Kelsea Ballerini

I know everybody wants you
That ain't no secret
Hey baby what's your status?
And tell me are you trynna keep it?
Well, they can all back off
'Cause I know what I want
And while I've got your attention
Did I mention:
If you got a kiss on your lips that you're looking for somebody to take
hey
If you got a heart that ain't afraid to love
Ain't afraid to break
hey
If you've got a Friday night free and a shotgun seat
Well I'm just saying, I ain't got nowhere to be
So baby I'll take whatever it is you've got to give
Yeah
I'll calling dibs
On your lips
On your kiss
On your time
Boy, I'm calling dibs
On your hand
On your heart
All mine
Make everybody jealous
When I take you off the market
And get my lipstick on your right cheek
'Cause boy I've got to mark it
Oooh
So they can all back off
Yeah
'Cause I know what I want
And while I've got you listening
Come on and show me what I'm missing
Yeah
If you you've got a kiss on your lips that you're looking for somebody to take
hey
If you've got a heart that ain't afraid to love
Ain't afraid to break
hey
If you've got a Friday night free and a shotgun seat

Well I'm just saying I ain't got nowhere to be
So baby I'll take whatever it is you've got to give
Yeah

I'm calling dibs
If you've got a kiss on your lips that you're looking for somebody to take
Hey

If you've got a heart that ain't afraid to love
Ain't afraid to break

Heyyy
If you've got a Friday night free and a shotgun seat
Well I'm just saying I ain't got nowhere to be
So baby I'll whatever it is you've got to give
Yeah

I'm calling dibs

On your lips

On your kiss

On your time

Boy, I'm calling dibs

On your hand

On your heart

All mine

Yeah, boy I'm calling dibs

On your lips

On your kiss

On your time

Boy, I'm calling dibs

On your hand

On your heart

All mine, yeah

I'm calling dibs on your lips, on your kiss on your time, boy

I'm just trynna make you mine, boy

Ooooh
