

Miss Boombox

Jeffree Star

I feel nothing

Look into my eyes

So vicious

Heels on high

So infectious

Social sickness

Glitter and kisses

I will make you mine

Malicious

Take you from behind

So vivid

The lower you fall, the higher you'll climb

Prepare the flash and let me die

Microphones and ice cream cones

Drippin' down my collar bones

Taste a piece of my bubble gum

Everybody wants some (yum yum)

I like this

Read between the lines

You'll see it

Cutting like a knife

You'll feel it

The lower you fall, the higher you'll climb

Intoxicate and let me fly

Microphones and ice cream cones

Drippin' down my collar bones

Taste a piece of my bubble gum

Everybody wants some (yum yum)

Poster child party girl

Miss boombox make me swirl

Microphones and ice cream cones

Drippin' down my collar bones

Taste a piece of my bubble gum
Everybody wants some (yum yum)
