

Rock Paper Scissors

Prince Fox

[Verse 1]

You wouldn't be sweet if I dipped you in sugar (In sugar)
You know it's best, so why, why are you bitter? (Bitter)

[Pre-Chorus]

Say it to my face, don't take my name in vain
See, that's what you do
Say it to my face, you know you can't replace me
But I want you to

[Chorus]

Rock, paper, scissors
I cut you, rock, paper, scissors
I cut you off, I cut you off
I cut you, rock, paper, scissors

[Post-Chorus]

I cut you off
I cut you off
I cut you off

[Verse 2]

You could be Aretha but got no respect
Just want a chance? No thank you, next
No, I'm done with you
Crying to me you're always alone
But you bringing trouble when you leave the home
No, I'm done with you

[Pre-Chorus]

Say it to my face, don't take my name in vain
See, that's what you do
Say it to my face, you know you can't replace me
But I want you to

[Chorus]

Rock, paper, scissors
I cut you, rock, paper, scissors
I cut you off, I cut you off

I cut you, rock, paper, scissors

[Bridge]

I cut you off

I cut you off

I cut you off

[Chorus]

Rock, paper, scissors

I cut you, rock, paper, scissors

I cut you off, I cut you off

I cut you, rock, paper, scissors

[Outro]

I cut you off, I cut you off, I cut you off, I cut you off

I cut you off, I cut you off, I cut you off, I cut you off

I cut you off, I cut you off, I cut you off, I cut you off

I cut you off, I cut you off, I cut you off, I cut you off

I cut you off
