

Somebody

Evan Blum

[Intro]

Yeah, yeah

[Verse 1]

I have been falling in and out of relationships
I can never seem to get legitimate
Reasons to throw my hands in the air
It got me thinking, maybe nobody cares
Takes it out of me, takes, takes, takes it out of me
She takes it out of me, oh man takes it out of me
I call it robbery, she locked and loaded
'Cause baby got the power and you know that she knows it

[Pre-Chorus]

You know that she knows it

[Chorus]

Somebody, somebody, somebody tell her that I love her
Somebody, somebody, somebody tell her that I need her tonight
(Tonight,) tonight, (tonight,) tonight, (tonight,) tonight
Send her my love, send her my love forever

[Interlude]

Yeah, yeah

[Verse 2]

I don't wanna risk this, baby, is the business
Ask me what is this? Emotional eviction
From the house we live, we live
From the love we give, we give, hey
Woah, baby got me going again
Woah, baby got me chasing the wind
And I know if we grow, I won't know what to say, to say

[Pre-Chorus]

To say

[Chorus]

Somebody, somebody, somebody tell her that I love her
Somebody, somebody, somebody tell her that I need her tonight

(Tonight,) tonight, (tonight,) tonight, (tonight,) tonight
Send her my love, send her my love forever

[Bridge]

Why can't she see? (why can't she see, why can't she see?)
What she means to me? (she means?)
If you see her, let her know (you shouldn't let her know)
That this boy loves her so

[Post-Bridge]

Somebody, somebody, somebody tell her that I love her
Somebody, somebody, somebody tell her

[Chorus]

Somebody, somebody, somebody tell her that I love her
Somebody, somebody, somebody tell her that I need her tonight
(Tonight,) tonight, (tonight,) tonight, (tonight,) tonight
Send her my love, send her my love forever
Somebody, somebody, somebody tell her that I love her
Somebody, somebody, somebody tell her that I need her tonight
(Tonight,) tonight, (tonight,) tonight, (tonight,) tonight
Send her my love, send her my love forever
