

# Fire & Desire

## Drake

Dedicate, I dedicate the world  
Yeah, oh  
I dedicate, I dedicate  
I give you my fortune  
I dedicate, I dedicate  
I dedicate, I dedicate  
I dedicate, dedicate, dedicate  
I dedicate to you  
I dedicate, I dedicate  
I dedicate, I dedicate, oh yeah  
I dedicate, I dedicate to you  
Throwin' dirt on my old name  
Only gets worse when you know things  
You don't see the perks of this whole thing  
But you get real on a pill and I like it  
You just like my psychic, I just wanna buy  
Fulfill all your desires  
Keep you in the front, never in the back  
And never on the side, yeah You a real ass woman and I like it  
I don't wanna fight it Look, you know I'm a writer, nothin' left to hide  
Your other nigga tired  
Talk about you like you'll never leave his side  
But I don't really buy it  
Me I'm movin' quiet, all the things we're tryin'  
Let's just keep it private  
Tell me should I cut these other girls right out of my life?  
Cause we never decided  
Tell me how you feel inside  
You a real ass woman and I like it  
Dedicate to you  
I need you inspired, I need you excited  
I don't wanna fight it I figure out you, you figure out me  
We both a different breed  
I'm followin' your lead, I ask you what you need  
You say it's guaranteed  
I mean you say that like it's easy  
You never believe me  
Told you I got Zs for these other girls sleepin' on him  
Girl I'm sleepy  
Sometimes I'm so indecisive But you a real ass woman and I like it  
I don't wanna fight it I give you my all  
I dedicate, I dedicate, woah yeah

I dedicate, I dedicate  
I dedicate, baby, dedicate  
I dedicate to you  
I dedicate, I dedicate  
This song's for you  
I dedicate, I dedicate  
I give you my all  
I give you my voice  
This song's for you
