

Ex to See (Acoustic Mixtape)

[Sam Hunt](#)

Well there ain't enough smoke in my eyes
To hide the kinda games you're trying to play
Honey don't you act so surprised
You know exactly what I'm bout to say
You kiss my lips, like you mean it
But you ain't that slick Everywhere we go you keep looking around
Fixing your make up like its about to go down
And he walks in, it all makes sense
Suddenly you're climbing all up next to me, next to me
I ain't no fool, you rascal you
You don't want me, you just want your ex to see, ex to see
Woahh woahhh woahh ohhh
So thats why when I pick you up
You always want me to drive your car
So I can leave mine at your house
And he can wonder where you are
You're right here
Looking sexy whispering in my ear Everywhere we go you keep looking around
Fixing your make up like its about to go down
And he walks in, it all makes sense
Suddenly you're climbing all up next to me, next to me
I ain't no fool, you rascal you
You don't want me you just want your ex to see, ex to see
Woahh oh woah oh woah ohhh oh
Girl you look kinda cute, called out
You're making it hard to have hard feelings for you now
So hey, did he really do you wrong
Hmm
I guess I can play along
I guess I can play along
He walks in, it all makes sense
Suddenly you're climbing all up next to me, next to me
I ain't no fool, you rascal you
Girl come here and kiss me
I just want your ex to see
Woahh oh woah oh woahhh
I just want your ex to see
Ex to see, ex to see
