

Stop Drop + Roll

Dan + Shay

There's a two lane getaway red hot summer day
Jump into my '65 Mustang, ain't she a pretty thing?
Just like you, and it's burnin' me up, burnin' me up, burnin' me up
Yeah, tell me what I wanna hear
You're turnin' me on, turnin' me on, turnin' me on
Yeah baby let's get outta here Do you wanna wanna, do you wanna wanna go?
Pedal on the floorboard, lay a little bit of rubber down this road
Bass bumpin' on the car door
Got a blue sky, got a fast ride, got all the time in the world so come on little girl
Whoa, all we gotta do is stop, let the top drop and roll
We can leave town right now, take it down the interstate
Just get gone, oh baby we could just get lost while the radio plays our favorite song
Well turnin' it up, turnin' it up, turnin' it up
That's just what I wanna hear
Burnin' me, up burnin' me up, burnin' me up,
Yeah baby let's get out of here Do you wanna wanna, do you wanna wanna go?
Pedal on the floorboard, lay a little bit of rubber down this road
Bass bumpin' on the car door
Got a blue sky, got a fast ride, got all the time in the world so come on little girl
Whoa, all we gotta do is stop, let the top drop and roll Yeah, roll down the windows, let your
hair blow, let your hair blow
Yeah, roll down the windows, let your hair blow, let it all blow, let it all blow
We can leave town right now, take it down the interstate
Do you wanna wanna, do you wanna wanna go?
Pedal on the floorboard, lay a little bit of rubber down this road
Bass bumpin' on the car door
Got a blue sky, got a fast ride, got all the time in the world so come on little girl
Whoa, all we gotta do is stop, let the top drop and roll Yeah, roll down the windows, let your
hair blow, let it all blow, let it all blow
