

# Save My Soul

Jacob Bryant

Verse 1:

There was a time in my life  
Just me and the devil  
In a round and round fight  
Lost in that damn bottle  
With no place to go  
Toss and turn  
Sleepless nights  
Sweat on my pillow  
And pain in my eyes  
Hoping for a miracle  
Come and set me free

Tell me who will save my soul  
Stuck here down this dead end road  
Heart beating fast like a freight train runnin'  
No matter what I do  
The devil's comin'  
Who will save my soul  
So far gone that I can't find home  
Yeah oh oh  
Save my soul

Deep down under my skin  
I felt the demons riding down on my sins  
And you're the only one who'll ever know  
And in the dark  
You were the light  
Through all my lows  
And all my high nights  
Praying for a miracle  
Come and set me free

Tell me who will save my soul  
Stuck here down this dead end road  
Heart beating fast like a freight train runnin'  
No matter what I do  
The devil's comin'  
Who will save my soul  
So far gone that I can't find home

Yeah oh oh  
Save my soul

Heart beating fast like a freight train running  
No matter what I do  
The devil's coming  
Who will save my soul  
So far gone that I can't find home  
Yeah oh oh  
Save my soul  
Save my soul
