

# Sun

Kevin Kazi

[Hook]

When I'm on enough

Will it ever change?

Will I sober up?

These drugs make me insane, but I love the rush

They wash away the rain

But I'm freezing up, I need the sun

When I'm on enough

Will it ever change?

Will I sober up?

These drugs make me insane, but I love the rush

They wash away the rain

But I'm freezing up, I need the sun

[Verse]

I'm bleeding out

If I give you my hand, are you reaching out?

Or you leave me for dead, have me scream and shout?

I'm sitting on the edge, who gon push me down?

Oh you lookin out?

Can you turn away?

Feel like I'm burning out, I'ma turn a waste

I'm out here tryna search for a perfect place

I try to run away from this hurt and hate, but it's in the way

Yeah, it's in the way

[Hook]

When I'm on enough

Will it ever change?

Will I sober up?

These drugs make me insane, but I love the rush

They wash away the rain

But I'm freezing up, I need the sun

When I'm on enough

Will it ever change?

Will I sober up?

These drugs make me insane, but I love the rush

They wash away the rain

But I'm freezing up, I need the sun
