

# Cross You Out (feat. Sky Ferreira)

Charli XCX

[Charli XCX:]  
Built a world  
All in my mind, oh  
On my own  
We'll survive, oh Century of tears  
Sadness wasn't the only denial (Yeah)  
Thought I fell apart  
But you're gonna know I'm going by (I'm screaming out)  
(Oh, wha ah oh)  
We are not around, when you're not around  
We are not around, when you're not around  
We are not around, when you're not around  
And I'll finally cross you out  
(Oh, wha ah oh)  
We are not around, when you're not around  
We are not around, when you're not around  
We are not around, when you're not around  
And I'll finally cross you out [Sky Ferreira:]  
Mowed me down  
One piece at a time  
I see his eyes were shut  
How was he mesmerized? (No!)  
Century of tears  
Sadness was another denial (Yeah)  
Thought it fell apart  
But now you've got him thrown behind (I'm screaming out) [Charli XCX:]  
(Oh, wha ah oh)  
We are not around, when you're not around  
We are not around, when you're not around  
We are not around, when you're not around  
And I'll finally cross you out  
(Oh, wha ah oh)  
We are not around, when you're not around  
We are not around, when you're not around  
We are not around, when you're not around  
And I'll finally cross you out [Charli XCX & Sky Ferreira:]  
I've become someone better  
I've become someone better  
Yeah yeah  
Now I look in the mirror  
And I learn I'm so better  
Yeah yeah

I've become someone better  
I've become someone better  
Yeah yeah  
Now I look in the mirror  
Feels so good to forget ya  
Yeah yeah[Charli XCX:]  
(Oh, wha ah oh)  
We are not around, when you're not around  
We are not around, when you're not around  
We are not around, when you're not around  
And I'll finally cross you out  
(Oh, wha ah oh)  
We are not around, when you're not around  
We are not around, when you're not around  
We are not around, when you're not around  
And I'll finally cross you out
