

My World

Avril Lavigne

Please tell me what is takin' place
'Cause I can't seem to find a trace
Guess it must have got away somehow
Probably 'cause I always forget
Everytime someone tells me their name
It's always gotta be the same (In my world)
Never wore cover up Always beat the boys up
Grew up in a five thousand population town
Made my money by cutting grass
Got fired by a fried chicken ass
All in a small town, Napanee
You know I always stay up without sleepin' and think to myself
Where do I belong forever?
In whose arms, the time and place?
Can't help it if I space in a daze
My eyes tune out the other way I may switch off and go in a daydream
In this head my thoughts are deep
Sometimes I can't even speak
Would someone be and not pretend I'm off again in my world!
I never spend less than an hour
Washin' my hair in the shower
It always takes five hours to make it straight
So I'll braid it in a zillion braids So it may take a friggen day
There's nothing else better to do anyway
When you're all alone in the lands of forever
Lay under the milky way
On and on it's getting too late out
I'm not in love this time, this night
Can't help if I space in a daze
My eyes tune out the other way
I may switch off and go in a daydream
In this head my thoughts are deep Sometimes I can't even speak
Would someone be and not pretend I'm off again in my world!
Take some time
Mellow out
Party it up
Don't fall down
Don't get caught sneak out of the house!
Can't help if I space in a daze My eyes tune out the other way I may switch off and go in a
daydream
In this head my thoughts are deep
Sometimes I can't even speak

Would someone be and not pretend I'm off again in my world!
Can't help if I space in a daze
My eyes tune out the other way
I may switch off and go in a daydream
In this head my thoughts are deep
Sometimes I can't even speak
Would someone be and not pretend
I'm off again in my world!
