

I Found You

Andy Grammer

[Verse 1]

On the way, I was crowned a king
Felt the wind underneath my wings
I've been high and I've been low
Played the fool and the star of the show
Gone along for a wild ride
And I can say lookin' in your eyes
That it all would've been a waste
But I found you on the way

[Pre-Chorus]

I found cynicism, I found criticism
I've been the zero, the hero
And I have been the villain
I lost more than a heart can take
But I found you on the way (On the way)

[Chorus]

I found you, I found you
I found you, I found you
It all would've been a waste
But I found you on the way

[Verse 2]

On the way, I was given the keys
To the city, they were mine to keep
Over time, every lock'll change
But you love me all the same

[Pre-Chorus]

I found pessimism, I found skepticism
I've been the corner performer and sung in front of millions
I lost more than a heart can take
But I found you on the way (On the way)

[Chorus]

I found you, I found you
I found you, I found you
It all would've been a waste

But I found you on the way

[Post-Chorus]

Whoa, whoa

Whoa, whoa

[Bridge]

On the way, I'll have won the race

If the one thing that I can say

[Chorus]

I found you, I found you

I found you, I found you

It all would've been a waste

But I found you on the way

[Outro]

(Whoa, whoa)

I found you, I found you

I found you, I found you

(Whoa, whoa)

I found you, I found you

I found you on the way
