

# No Candle No Light (feat. Nicki Minaj)

ZAYN

Young Money! Hand on your hand  
Chest on your chest  
Tangled in bed  
But I'm feeling you less  
You know my love ain't free  
Why do you make believe?  
Why do you sell me dreams?  
Sms in the morning light  
"We gotta, we gotta, we gotta face it  
The fire, the fire ain't no longer blazin' "  
I, I woke up on the wrong side of ya  
You don't even know that I left, do ya?  
Can't handle my love  
Can't handle your lies  
No friendzone to my love  
Quit burning all of my time  
I, I woke up on the wrong side of ya No candle, no light for you  
No candle, no light for you  
No candle, no light for you I can't do it, no baby, I can't do it  
I only end up losing, wooh we're really fooling this  
Agree to disagree, somethings aren't meant to be  
But I wanted you and me  
Sms in the morning light  
"We gotta, we gotta, we gotta face it  
The fire, the fire ain't no longer blazin' "  
I, I woke up on the wrong side of ya  
You don't even know that I left, do ya?  
Can't handle my love  
Can't handle your lies  
No friendzone to my love  
Quit burning all of my time  
I, I woke up on the wrong side of ya No candle, no light for you  
No candle, no light for you  
No candle, no light for you "We gotta, we gotta, we gotta face it  
The fire, the fire ain't no longer blazin' "No candle, no light for you  
No candle, no light for you  
No candle, no light for you Switch up the lane, switch up the lane  
Watch how ya gyal just switch up her lane
