

Get Out

CHVRCHES

[Verse 1]

Talked ourselves to death
Never saying what I wanted
Saying what I needed
I pushed you to the edge
Never knowing what I wanted
Knowing what I needed you to say

[Pre-Chorus]

Reflections you used to see
Never look alike to me

[Chorus]

Get out, get out
Get, get, get out
Get, get, get out of here
Can we get out, get out
Get, get, get out
Get, get, get out of here?
Good intentions, never good enough
Can we get out, get out
Get, get, get out
Get, get, get out of here?

[Verse 2]

Going out my mind
Never getting what I wanted
Getting what I needed
I left myself behind
Never knowing what I wanted
Knowing what I needed you to do

[Pre-Chorus]

Reflections you used to see
Never look alike to me

[Chorus]

Get out, get out
Get, get, get out
Get, get, get out of here

Can we get out, get out
Get, get, get out
Get, get, get out of here?
Good intentions, never good enough
Can we get out, get out
Get, get, get out
Get, get, get out of here?

[Post-Chorus]

So do you want to turn it around?
And do you want to show me how?
You are a kaleidoscope
You are a kaleidoscope
So do you want to turn it around?
And do you want to show me how?
You are a kaleidoscope
You are a kaleidoscope

[Interlude]

[Chorus]

Get out, get out
Get, get, get out
Get, get, get out of here
Can we get out, get out
Get, get, get out
Get, get, get out of here?
Good intentions, never good enough
Can we get out, get out
Get, get, get out
Get, get, get out of here?

[Post-Chorus]

So do you want to turn it around?
And do you want to show me how?
You are a kaleidoscope
You are a kaleidoscope
So do you want to turn it around?
And do you want to show me how?
You are a kaleidoscope
You are a kaleidoscope

[Outro]

You are a kaleidoscope

You are a kaleidoscope
