

# Save Room

John Legend

Say that you'll stay a little  
Don't say bye bye tonight  
Say you'll be mine  
just a little bit of love Is worth a moment of your time knocking on your door just a little  
so cold outside tonight  
let's get a fire burning oh I know, I keep it burning right If you stay, won't you stay - stay  
save room for my love  
save room for a moment to be with me  
save room for my love save a little  
save a little for me  
won't you save a little  
save a little for me - ohh  
This just might hurt a little  
love hurts sometimes when you do it right  
Don't be afraid of a little bit of pain pleasure is on the other side  
Let down your guard just a little  
I'll keep you safe in these arms of mine  
Hold on to me - pretty baby You will see I can be all you need If you stay, won't you stay - stay  
save room for my love  
save room for a moment to be with me  
save room for my love save a little  
save a little for me won't you save a little save a little for me - ohh  
(pa-ya-pa-pa) - (pa-ya-pa-pa) - (pa-ya-pa-pa) - (da-da-da)  
Ohhh come on  
Make time to live a little  
don't let this moment slip by tonight you never know what you are missing 'til you try  
I'll keep you satisfied  
if you stay, won't you stay - stay  
save room for my love save room for a moment to be with me  
save room for my love save a little  
save a little for me  
won't you save a little  
save a little for me - ohh  
save room for my love  
save room for a moment to be with me  
save room for my love  
save a little, save a little for me  
won't you save a little  
save a little for me
