

# Waterfront

## Simple Minds

Get in, get out of the rain  
I'm goin' to move on up to the Waterfront  
Step in, step out of the rain  
I'm goin' to walk on up to the Waterfront  
Said, one million years from today  
I'm goin' to step on up to the Waterfront  
Get in, get out of the rain  
Come in, come out of the rain

So far, so good, so close, yet still so far  
So far, so good, so close, yet still so  
So far, so far, so far

The rain, I'm going to move on up to the Waterfront  
Step in, step out of the rain  
I'm going to walk on up to the Waterfront  
Said, one million years from today  
Step on up to the Waterfront  
Said, come in, come out of the rain  
Said, come in, come out of the rain  
Said, come in, come out of the rain  
I'm goin' to move on up to the front  
I'm goin' to walk on up to the front  
I'm goin' to live on up by the front  
I'm goin' to walk on up to the front  
Come in, come out of the rain  
Come in, come out of the rain  
Said, come in, come out of the rain  
Come in, come out of the rain

Move on up, to step on up  
Walk on up, live on up  
Far away, far away, far away  
So, walk away, so far, I walk away  
So, so, walk away, up to the Waterfront  
Up to the Waterfront

So far, so far
