

# All or Nothing (feat. Axel Ehnström)

## Lost Frequencies

All or nothing  
Know what you're doing, but the clock is ticking  
Give it your best and then you're on to something  
And keeps on getting closer, closer  
All or nothing  
If it's silent and your head just sweatin  
Still not sure except the way you're heading  
And now it's getting closer, closer If you go all in, you got a lot to lose, my friend  
All or nothing  
If you say all in, you don't get to choose again  
All or nothing  
All or nothing  
Take a step forward and you know she's looking  
Take a deep breath before you make it happen  
Keeps on getting closer, closer If you go all in, you got a lot to lose, my friend  
All or nothing  
If you say all in, you don't get to choose again  
All or nothing  
All or nothing  
If you go all in, you got a lot to lose, my friend  
All or nothing  
If you say all in, you don't get to choose again  
All or nothing  
All or nothing  
If you go all in, you got a lot to lose, my friend  
All or nothing  
If you say all in, you don't get to choose again  
All or nothing
