

Anything for You

Fisher

You're like a star that's in a movie
You have a way of getting to me
With everything you do, you touch my life
I never know just what you'll say next
never know just what to expect
but I know for sure you'll make me cry
then make me laugh inside
And I am making my way through all the madness
Making my way to happiness yeah
and it's all because of you
'Cause you are making my days a whole lot lighter
making my heart a little brighter
Yeah...yeah-yeah it is true
I'd do anything for you
Let me be your paparazzi
-holidays and birthday parties
You're my favorite leading man
I just love to see your picture
openin' on my computer
when I see your little grin
it gives me life again

And I am making my way through all the madness
Making my way to happiness yes
and it's all because of you
'Cause you are making my days a whole lot lighter
making my heart a whole lot brighter
Yeah...yeah-yeah it is true
I'd do anything for you
And I would fight a million wars to keep you safe
free from harm - there's nothing I won't do
You're like a star that's in a movie
You have a way of getting to me
With everything you do, you touch my life
And I am making my way through all the madness
Making my way to happiness yes
and it's all because of you
'Cause you are making my days a whole lot lighter
making my heart a whole lot brighter
Yeah...yeah-yeah it is true
I'd do anything for you
I'd do anything for you
