

# Straight No Chaser

## Mr Hudson

[Chorus]

Straight, no chaser  
We don't waste our time on fakeness  
One glass, one shot is all it takes us  
Better this than fade away  
Fade away

[Verse 1]

So, our story goes: This empty city  
Crowded skies are clearing but I'm lonesome, lonesome  
No! Bring on the night, there's work a plenty  
Fluorescent lamps are passing in slow motion  
Only I will wander  
Only I can leave

[Chorus]

Straight, no chaser  
We don't waste our time on fakeness  
One glass, one shot is all it takes us  
Better this than fade away  
Oh, fade away

[Verse 2]

So, we set the scene: A sea of faces  
Laser eyes are watching as we close in, close in  
Don't play innocent, I know you're thinking  
You're chasing conversation out of focus  
Only I will wander  
Only I can leave

[Chorus]

Straight, no chaser  
We don't waste our time on fakeness, no  
One glass, one shot is all it takes us  
Better this than fade away  
Oh, fade away

[Chorus]

Straight, no chaser  
We don't waste our time on fakeness, oh

One glass, one shot is all it takes us  
Better this than fade away  
Fade away  
Fade away

[Outro]  
Fade away
