Everything I Love

[Morgan Wallen](#)

I wish I woulda met you anywhere but where I did
Some ol' high rise town that I won't ever go again
Wish we woulda rolled around in some old cab and chased them city lights
And hit bars I don't like
We were listenin' to One More Silver Dollar
Hanging out my Silverado
Down a road I love to ride
Wish I woulda known that by now, you'd be good and gone
And you'd leave us in a cloud of dust
And can't you see what you're doing, girl?
You ruined damn near everything I love
I don't care how much they're bitin'
I won't even crank the boat
Soon as that bobber hits the water
Girl, your memory starts to float
Baby, why'd I'd ever take the bait
And take you places that I love to go?
Hell, I'll never know
I even took you to my hometown to meet my mama
Now, I'm gonna see you every time I see that welcome sign
Wish I would've known that by now, you'd be good and gone
And you'd leave us in a cloud of dust
And can't you see what you're doing, girl?
You ruined damn near everything I love
I don't wanna hear One More Silver Dollar
I can't take my Silverado down them roads we used to ride
Wish I would've known that by now, you'd be good and gone
And you'd leave us in a cloud of dust
Can't you see what you're doing, girl?
You ruined damn near everything I love
I can't go nowhere near the whiskey
'Cause you used to drink it with me
In the bed of my truck
And now I can't get drunk
Can't you see what you're doing, girl?
You ruined damn near everything I love
Can't you see what you're doing, girl?
You ruined damn near everything I love
